MASTER OF SOCIAL SCIENCES IN PSYCHOLOGY

ACCREDITED BY HKCAAVQ AT QF LEVEL 6

THE PROGRAMME

The Master of Social Sciences in Psychology is an exciting opportunity for people who have studied in fields other than psychology and want to develop their psychological knowledge. This degree will give you a core understanding of psychology and insight into the complex mental processes that impact human behavior. This knowledge can be applied to every day life with potential positive outcomes. Graduates are eligible to apply for professional training programmes in psychology.
