

## **Research Assistant**

We are seeking for a well-motivated person with quantitative and qualitative research skills to work for a QESS (Quality Enhancement Support Scheme) project developing an integrative e-Learning system in tertiary education and to produce online and blended learning courses that are enhanced by immersive technologies.

### **Responsibilities:**

- Assist the project team to collect and analyze survey data
- Organize and conduct focus group to evaluate the effectiveness of the project
- Draft research report for public dissemination in both Chinese and English
- Assist university teachers to search for resources in developing multimedia teaching materials

### **Requirements:**

- Bachelor degree holder or above in Education, Social Sciences, Psychology, Creative Media or a related discipline
- A good command of written and spoken English and Chinese
- Prior experience in conducting quantitative and/or qualitative research
- Ability to work independently
- Previous experience in preparing academic manuscripts in higher education will be an advantage

Salary will be commensurate with qualification and experience. Please send your CV with expected salary to Hong Kong Shue Yan University at [tschow@hksyu.edu](mailto:tschow@hksyu.edu) (Contact person: Dr Jason CHOW) on or before 15<sup>th</sup> August, 2021. Personal data collected will be used for recruitment purpose only.
